

COLON CANCER COALITION

Our mission is to ensure that all citizens have adequate information and access to screening for colorectal cancer.

We are working towards this goal by...

- Establishing a Get Your Rear in Gear event in every US state by 2010.
- Working with local and national businesses, health organizations, media and survivors and their families and friends to help save lives by raising awareness through these events.
- Assisting local organizers in directing funds raised at Get Your Rear in Gear events to the best local programs to fulfill the mission.

Net proceeds from the Austin Get Your Rear in Gear event will be invested in local projects that...

- promote awareness of colorectal cancer
- increase colorectal screening
- provide emotional support to those affected by disease and their families
