

Information for Teams and Team Captains

What is a Team?

A team is any group of 5 or more participants. Team members can be all ages and can be a combination of walkers and runners.

Are there prizes for Teams?

Yes. A prize will be awarded to the largest team, the team raising the most funds, and the team with the most creative team wear or signage on event day. All teams will be recognized for their effort.

What am I responsible for as Team Captain?

Team Captains are responsible for directing team members to www.getyourrearingear.com to register online under their selected team name or collecting all entry forms and fees and submitting them as a whole to the Colon Cancer Coalition no later than March 24th. Team members may be added after this date but will not impact the standing of a team for prizes. A team roster is included for Team Captains to keep track of their members. Communications from the Colon Cancer Coalition will be directed to the Team Captain.

Can a team collect donations?

Absolutely! We encourage the Team and its Captain to set a fundraising goal. We recommend a minimum of \$25 per team member over and above the registration fee.

Donations can be made on our secure online website. Direct donors to www.getyourrearingear.com, click under "Donate" and they can donate in your name. In addition, donation forms are included in the team packet. Simply fill in your name and an address for pledges to be sent back to the Team Captain. We ask that all donations are collected by the Team Captain and turned in on race day. Teams will be notified of prizes within two weeks of the event.

How does a Team get its Registration Packet (shirt, bib and goodie bag)?

One of two ways. Team members can either attend the Pre-Packet Pick Up at the Austin Endoscopy Center on April 5th from noon until 4 p.m. to receive these items or they may be picked up at the event itself. A team captain can pick up all items for their team, but it is their responsibility to then make sure each member gets their specific registration packet. All registration items will be under the registrant's last name, not the Team name.
